## LL4Schools - A Learning Landscape

Screenshot 1

Screenshot 2

A safe social networking environment designed for schools.

LL4Schools is a secure online space where students can collaborate and share ideas, create communities of common interest, explore and explain each other's lives through blogs, wiki, podcasts, movies, communities, and presentations.

### E-SAFETY:

- schools must register
- accounts created by LL4schools on request
- personal details is visible to logged in users only
- only the school contacts may request account
- inappropriate material can be traced to the user who posted it
- blog entries can be flagged as inappropriate by any user for subsequent administrator review
- only logged in users can submit comments
